

Cambridge University Orienteering Club

Data Protection Statement

Data protection statement

This statement explains how the Cambridge University Orienteering Club (“we” and “the club”) handles and uses the personal data we collect about our members and our past, current and future supporters (“you” and “your”). Developing a better understanding of our members and supporters allows us to keep in touch with you, in order to keep you apprised of our activities and developments, to provide services to you, and to identify ways in which you can support us, through donations or other forms of financial and non-financial support.

We are committed to protecting your personal information and being transparent about what information we hold.

Personal data that we hold

We may hold information relating to you from a number of sources. A significant proportion of the information we hold is that which you provide to us (for example, you may give us information by becoming a member of the club, entering an event which we have organised, or by corresponding with us by telephone, email or otherwise).

Most records contain:

- details of your education (e.g. your University, the courses you have completed, dates of study)
- unique personal identifiers and biographical information (e.g. student number, date of birth)
- your contact details (and we update these whenever you let us know that they have changed)
- details of your interactions with us, including:
 - your membership and achievements with us
 - your attendance at our events
- personal data provided by you for a specific purpose (e.g. disability and dietary preferences for event management purposes)
- Orienteering-specific information, such as your SI card number or British Orienteering Federation (BOF) number
- your communication preferences, to help us provide tailored and relevant communications

How we use your data

Your data is used by us for a number of interdependent purposes in support of alumni relations, supporter communications and fundraising. These include:

- sending you updates about the activities of the club

- inviting you to our events
- running our orienteering events, including the Cambridge City Race and Icenian Forest event
- publishing event results
- internal record keeping, including the management of any feedback or complaints
- administrative purposes (e.g. in order to process a donation you have made or to administer an event you have registered for or attended)

Before seeking or accepting major donations we are required by the University Sports Service to conduct due diligence, including reviewing publicly available personal data relating to the donor's criminal convictions and offences.

Communications to you may be sent by post, telephone or electronic means (principally by email), depending on the contact details we hold, the consent that you have provided, and the preferences expressed by you about the types of communications you wish to receive.

If you have concerns or queries about any of these purposes, or how we communicate with you, please contact us using the details listed below.

We will always respect a request by you to stop processing your personal data, and in addition your statutory rights are set out below.

When we share your data with others (our partners)

Any transmission of data to or from the University and Colleges is managed through agreed processes which comply with relevant data protection legislation. The University and each College has its own data protection statement and procedures.

When you register as a club member or enter a club event, your information will be shared with the British Orienteering Federation. The details of the information shared and how it will be used can be found on the BOF privacy notice:

<https://www.britishorienteering.org.uk/document/1808b62243f3a17b07f5ce2cfdc88dba/British%20Orienteering%20Pri%20vacy%20Policy%2013%20March%202018.pdf>

How we protect your data

We ensure we have appropriate data sharing arrangements in place before sharing your personal data.

We do not sell your personal data to third parties under any circumstances.

We also facilitate communication between individual members, but in doing so we do not release personal contact details without prior permission.

Any transfers of your data overseas (outside of the European Economic Area), as set out above, are protected either by an 'adequacy decision' by the European Commission (declaring the recipient country as a 'safe' territory for personal data) or by standard contractual clauses adopted by the European Commission (which give obligations for the recipient to safeguard the data).

Further information about the measures we use to protect data when being transferred internationally is available from us (via the contact details are set out below).

Your rights

You have the right to:

- ask us for access to, or rectification or erasure of your data
- restrict processing (pending correction or deletion)
- object to communications or direct marketing
- ask for the transfer of your data electronically to a third party (data portability)

You have the right to lodge a complaint with the Information Commissioner's Office at <https://ico.org.uk/concerns/>

Further information

The legal basis for processing your personal data for the interdependent purposes set out above is that it is necessary for the pursuit of our legitimate interests. We always handle your personal data securely and minimise its use, and there is no overriding prejudice to you by using your personal information for these purposes. In addition, there is no statutory or contractual requirement for you to provide us with any personal data.

The controller for your personal data is the secretary of the Cambridge University Orienteering Club. The secretary can be contacted at secretary@cuoc.org.uk.

Please contact us if you have any concerns or questions about the above information or you wish to ask us not to process your personal data for particular purposes. Where you have specific requests relating to how we manage your data, we will endeavour to resolve these, but please note that there may be circumstances where we cannot comply with specific requests.

We will retain your membership data until September in the year you graduate from the university. Upon leaving CUOC, members will have the option for their contact details to be passed on to the alumni club DrongO. We will retain information provided when entering an event until the event has occurred. We will publish any changes we make to this data protection statement and notify you by other communication channels where appropriate.

Where you exercise your right to erasure, we will continue to maintain a core set of personal data (name, membership details) to ensure we do not contact you inadvertently in future. We may also need to retain some financial records about you for statutory purposes (e.g. Gift Aid, anti-fraud and accounting matters).
