Cuppers competition

The scoring will work as follows:

Times on the Women's course will be scaled in relation to the ratio between the winning time on the Men's and Women's course.

The total college time will be calculated from the lowest three scaled times which include at least one women and one man, where the college is a mixed college.

The college with the lowest combined (total) college time will be the winner, and shall be awarded the cuppers trophy.

The organiser's decision shall be final.

Results

Results will be published on the CUOC website (<http://cuoc.org.uk>) shortly after the race.
