Organiser's Comments:

I hope you all enjoyed the inaugural Orienteering Cuppers, and that you didn't find it too unpleasant being left out in the cold by our driver - we had intended that he should stay in the car park and not attempt a 6.5km course in a double decker bus.

Thanks to Graham Nilssen for planning the courses, which were about the right standard, with most people finishing in reasonable time. The numbers of people that turned up certainly means this will not be the last Orienteering Cuppers, and we will be pleased to see you coming along to orienteering events next term (see Club notice board in the middle of Caius for details).
