Organiser's comments:

Many thanks to Ann Collyer for planning the courses, checking all the control sites, over-printing the maps, making the control descriptions, heat-sealing the maps and setting it all up (there are a lot of little things that take their time - as anyone will know who has organised or planned an event).

The results have changed slightly from what we announced on the day, in that (a) our non-computerised score calculations introduced some minor errors which have now been corrected, and (b) the disqualification of some people who mis-punched (as a result, Darwin are not last any more...)

Congratulations to everyone.
I hope you had a good time.

Eric Roller (Queens')
